How does it work?

1. Pick up a folder and your flag at the front desk.
2. Plant your flag on the lobby bulletin board at the base of the mountain.
3. Pick a book to read and record it in your folder. Books are checked out for 4 weeks and only one from the list can be checked out at a time. You can also get a copy from your local library or on your e-reader. Audio versions count!
4. Let us know when you finish a book! After each book, pick up a star from the front desk. After 5 books, your flat will move to a new level on the mountain.
5. If you really enjoy a book, write a review and post it in the hallways or multipurpose room!!
